

2013

The City-wide Cleanup will be conducted by areas of the city this year. This is being done in order to concentrate on certain areas for a faster and more thorough pick-up. Areas and their scheduled times for pick-up are: April 15th to April 19th for the Northeast (east of Broadway Avenue and north of Main Street) , April 22nd to April 26th for the Southeast (east of Broadway Avenue and south of Main Street), April 29th to May 3rd for the Northwest (west of Broadway Avenue and North of Main Street) and May 6th to May 10th for the southwest (west of Broadway Avenue and south of Main Street/Highway 22).

The pick-ups will occur only in those areas in their particular week. This schedule enables the public works crews to concentrate their time and save of vehicles cost of gasoline by being in a smaller area. Debris put out after the designated week may not be collected.

There are only a few rules involved and they are: all the debris must be by the road, no large appliances (they can be taken to the Convenience Center), no hazardous waste, limbs must be cut to six foot lengths, tree trunks will be taken if small enough to be picked up and the reservation is made that some items may not be able to be picked up due to size or other issue.

The city's Convenience Center in the Tishomingo Industrial Park will be open additional hours, including each Wednesday afternoon, during the April 15th to May 10th period and on April 27th and May 4th Saturday mornings fro, 9:00 until 12:00 noon. There is no cost during this period for city residents. For arranging a scheduled time to use the Convenience Center call city offices at 371-2369.
